

South Florida Business Expansion Report

Want to know what new businesses are moving to South Florida?

Please Join Charita D. Allen, Vice President, Urban Initiatives Economic Development for The Beacon Council to learn more. Ms. Allen will share with us the economic development efforts of the Beacon Council, the various incentive programs available for companies choosing to expand and locate in South Florida, and will highlight the companies they are targeting for South Florida expansion.

In addition, Cheri Kavehersi with South Florida Workforce will provide an overview of state and locally funded workforce programs and services available to employers at no cost. These services range from job recruitment and placements to training grants and the funding of customized training programs. This is valuable information for Principals and operating officers facing personnel changes.

This program is a great way to identify some new leads and to focus your strategic marketing efforts. It will also help you make the most of the resources available to your company. Don't miss it!
