\$600M in Projects Fast Tracked thru Economic Stimulus Ordinance in Miami Dade County

Will you know how to take advantage of this opportunity?

The Economic Stimulus Ordinance proposed by Mayor Carlos Alvarez and approved by the Board of County Commissioners on July 17, 2008 is intended to expedite the process of awarding contracts for County Capital projects in order to get already funded projects under-way more quickly.

Johnny Martinez
Director
Office of Capital Improvement

The ordinance put in balance for the next 2 years, streamlines the bid award process and fast tracks more than \$600m in projects over the next 12 to 18 months.

Join Johnny Martinez, Director, Office of Capital Improvement as he speaks candidly with SMPS membership on how this ordinance affects the architectural, engineering and contractor community and how this ordinance will stimulate the economy.
