“Miami-Dade County: All-in-One” Certification, Selection, Minority Requirements and EDP

With the much anticipated Economic Stimulus program on the horizon now is the time to ensure that you are prepared to respond to future opportunities at Miami-Dade County. The Capital Improvements Department has prepared a customized presentation for our SMPS audience that includes a review of the Technical Certification process and the new forms and selection procedures in place for the proposal process. In addition, the SBE Department will explain the proper way to include CBE certified firms on your team, and which forms you need to use to avoid disqualification. The Equitable Distribution Program (EDP) and the Miscellaneous Construction Projects (MCC) will also be reviewed. And, there's more! Did you know that you can get projects without going through a two-tier selection process?

In today's economy, you cannot afford to make mistakes! Sign up now and make sure your firm is prepared!
