

Florida Ports \$2B in Capital Improvements Over the Next 5 Years.

State of the Ports Presentation

PANELISTS

Phillip Allen – Director, Port Everglades
John Finotti – Spokesman for the Florida Maritime Leadership Coalition
Jeff Wiedner – Mobility Manager District Four – Seaport Coordinator

Over the next five years Florida seaports have programmed \$2.6 billion in capital improvements. Strategic, market-driven priority projects are critical to the development of these ports and to the A/E/C industry. The ever changing market demands and global environment are reflected in the 2008 update to the 5 Year Capital Improvement Seaport Plans. Join Director Phillip Allen (Port Everglades), Seaport Coordinator Jeff Wiedner, (FDOT) Mobility Manager for District Four and John Finotti (Florida Maritime Leadership Coalition) for a "State of the Ports" presentation discussing future development and the 5 Year Capital Improvement Program for 2007-2012 for the State of Florida. Among topics discussed will be an overview of funding of Florida ports projects and insight into the proposal and selection process – giving insight into being successfully awarded contracts with these agencies. Whether your firm has experience in maritime and ports or not, this is the year to expand outside your market sectors and build relationships in the industries that will undoubtedly be aggressive markets in the coming years.
